

Hi Neighbour!

My name is _____ and I live at _____

I live on your street and we're starting a StreetNet – a group of residents working together to build a safe, supportive community on our street. It's as simple as looking out for one another and lending a hand wherever you can.

We're looking for others who'd like to help build this sense of community and start connecting with them. If this sounds like you, I'd love to hear from you.

My contact details are _____

For more information on StreetNet, head over to hedlandcollective.commonfutures.com.au/streetnet
